The Molon Mini Belt Rake is a great solution for those who need a small, simple, high quality machine for their raking needs. Sure, it's a superior hay rake, but it also works great for raking leaves and pine straw, preparing seedbeds for planting, and spreading hay for faster drying. Since it fits directly behind the tractor, you can rake in places that other hay rakes can't go. Its compact size and versatility mean one tool can do a multitude of jobs, meaning fewer headaches for you and more space in your barn, something we all wish we had.
